

# Bodies recorded as accepting an Insurance Surety Bond

A reference list compiled from public tenders and notices

More than 300 Central and State government departments accept an Insurance Surety Bond. This document names 242 of them, the ones with a public tender or notice behind them. It is not the whole population.

This list records public sector, government and private bodies identified from public tenders and publicly available sources as having accepted an Insurance Surety Bond in place of a bank guarantee.

It is a reference, not a confirmation. Acceptance is decided by the tender document in every case, so the security clause of the specific tender governs even where the body is named below.

A body that does not appear here has not necessarily refused an Insurance Surety Bond. It means no public record of acceptance was found when this version was compiled.

*Compiled from version 2.3 of the acceptance list, August 2026, corrected 6 October 2026.*
